>>> PRINCIPAL'S MESSAGE

At S.C.I.M. Government College, students are our top priority, and we are dedicated to providing quality education through a well-designed academic curriculum. Along with academics, we offer various programs that support the overall development of our students, encouraging them to grow intellectually, socially, and emotionally. Our institution focuses on creating a learning environment that promotes innovation, discipline, and social responsibility. The college newsletter reflects our commitment to transparency by sharing authentic updates on all academic and extracurricular activities. It stands as a testament to the vibrant and progressive spirit of our college community.

150 YEARS OF VANDE MATARAM CELEBRATED AT SCIM COLLEGE

SCIM Government College (A), Tanuku, celebrated the 150 Years of “Vande Mataram” with great respect and patriotic spirit on the campus. As part of the programme, students and staff gathered to sing the iconic national song in unison, honouring its historical significance and remembering its powerful role in inspiring India’s freedom struggle. The collective singing created a solemn and inspiring atmosphere, reminding everyone of the cultural pride and national unity that “Vande Mataram” represents. The brief celebration concluded with the Principal appreciating the students for participating in this meaningful tribute.

NATIONAL VIGILANCE DAY & C. P. BROWN'S BIRTH ANNIVERSARY

S.C.I.M. College observed National Vigilance Day on 31st October 2025 to promote integrity and ethical values among students. The program was organized by the Department of B.A. under the guidance of faculty members. The session highlighted the importance of honesty, transparency, and responsibility in daily life. Students understood how vigilance helps prevent corruption and strengthens good governance. All participants took the Integrity Pledge, affirming their commitment to ethical behaviour. The event created strong awareness about the need for moral values in society.

BIRTH ANNIVERSARY OF C. P. BROWN

Charles Philip Brown's name stand out like a beacon among European scholars who contributed to Telugu studies. He rendered an unbelievable service to Telugu with an amazing zeal and interest. He was the first Indologist to publish Telugu classics with commentaries. He collected a large number of palm-leaf manuscripts. He had in its payroll about 20 Pandits in transcribing native authors, in preparing correct editions, in framing indexes and commentaries. He was paying salaries from his private sources to them.

Charles Philip Brown was born in Culcutta on 10.11.1798. His father Rev David Brown was senator chaplain of the East India company in Bengal. He joined the Fort St George College, where he studied Telugu and Marathi and passed out in June, 1820. First he was appointed as second Assistant to the Principal Collector, Cuddapah in August, 1820.

Hunburray, the Collector of Cuddapah was speaking Telugu fluently. His example inspired Brown. He became very fluent in Telugu in two years and excelled Hunburray in Telugu scholarship. His passion for the accumulation of knowledge was very strong. While at Machilipatnam he read about Vemana in the book 'Hindu Manners Customs and Ceremonies' and began collecting palm-leaf copies of verses of Vemana. He translated 1200 verses and published them in 1829. Brown's magnum opus was his dictionary, Telugu-English, English-Telugu and mixed dialects in 1852. His dictionaries are still considered standard and his often re-printed.

While his monthly salary was only Rs. 500, he spent on the faire copy of the Mahabharatha (Telugu) Rs. 2714. He may be a valuable collection of documents, extracts from News Papers and research material running to 34 volumes of over 20,000 pages which he donated to India Office Library. He gave 5751 manuscripts to Government Oriental Manuscript Library, Madra.

Bishop Caldwell described Brown as a Restless Pandit. He resigned from service in 1855 and left for London. C.P. Brown died an Octogenarian on 12.12.1884.

To perpetuate the memory of C.P. Brown, Savanah of Telugu Literature, a Library building was constructed at Cuddapah on the very site of Brown's Bungalow known in those days as Brown's College.

S.C.I.M College celebrated the birth anniversary of C.P. Brown as part of the State Festival declared by the Government of Andhra Pradesh. The programme honoured the exceptional contributions of C.P. Brown, who played a vital role in preserving Telugu language and literature through his dictionary work and documentation of classical texts. As part of the celebrations, a quiz competition was organized to encourage students to learn more about Telugu heritage. Students also visited the college library to explore books related to C.P. Brown's works and other important Telugu writings. The event provided a meaningful learning experience and inspired students to appreciate the cultural and literary legacy safeguarded by C.P. Brown.

NATIONAL EDUCATION DAY

National Education Day is celebrated on 11th November every year to mark the birth anniversary of Maulana Abul Kalam Azad, the first Education Minister of independent India. Maulana Azad was a great freedom fighter, scholar, and visionary who believed that education is the most powerful tool for national progress.

During his tenure, several key educational institutions like the University Grants Commission (UGC), Indian Institutes of Technology (IITs), and All India Council for Technical Education (AICTE) were established, shaping the foundation of modern Indian education.

The day is observed in schools, colleges, and universities with seminars, essay writing, rallies, and debates to highlight the importance of education in building a strong and inclusive nation.

National Education Day reminds us of Maulana Azad's invaluable contributions and inspires us to work toward his dream of providing quality education to all sections of society.

Maulana Abul Kalam Azad.

National Education Day was celebrated in the college on 11th November 2025 to create awareness about the value of education. The programme highlighted how education shapes the future of individuals and society. Faculty members stressed that education builds confidence and helps students make informed decisions. The importance of developing critical thinking and moral values through education was also explained. Students were reminded that education is essential for personal growth and national development. The day encouraged everyone to view education as a lifelong process.

Like every month under the Swarna Andhra – Swachha Andhra initiative, S.C.I.M College actively participated in the third-week activities of November. This month's theme, “Mana Parisubrata – Mana Aarogyam,” focused on creating awareness about cleanliness and its direct link to good health. Students and staff took part enthusiastically in various cleanliness drives and awareness programmes conducted on the campus. The college continues to promote hygiene, environmental responsibility, and healthy living through these regular activities.

SCIM SKILL HUB & EXAM CELL ACTIVITIES

SCIM Govt College (A), Skill Hub Training Centre, Tanuku, is currently conducting an offline batch for the Assistant Computer Technician course for the month of October. A total of 30 trainees have enrolled in this programme aimed at enhancing their technical skills for employment. The batch commenced on 27-10-2025 and will continue until 24-01-2026. The training is progressing smoothly, with students actively participating in all practical and theory sessions

The College Exam Cell, in collaboration with the Counselling Cell, organized an awareness program titled “Strengthening Minds: Exam Guidance and Awareness Session.” The session aimed to help students understand the importance of staying calm and focused during examinations. Controller of Examinations, Sri N. Vishnu Vardhan, addressed the students and shared valuable guidance on effective exam preparation. He emphasized the need for proper time management and consistent study habits. The programme also highlighted the importance of maintaining a positive mindset while facing academic challenges. Students were encouraged to overcome fear and stress by following simple and healthy practices. The session helped students gain confidence and clarity regarding examination procedures. Overall, the awareness programme motivated students to approach their exams with discipline, confidence, and a stress-free attitude.

NATIONAL CONSTITUTION DAY

Constitution Day was celebrated in S.C.I.M College with great respect and reverence on 26th November 2025. The programme aimed to create awareness among students about the significance of the Indian Constitution in guiding the nation. On this occasion, a garland was placed on the portrait of Dr. B. R. Ambedkar, honouring his remarkable contribution as the chief architect of the Constitution. Faculty and students paid tribute to him for his vision of equality, justice, and dignity for all citizens. The Preamble of the Constitution was read aloud collectively, reminding everyone of the core values that define the nation. The importance of safeguarding constitutional rights and fulfilling our duties as responsible citizens was explained to the students. The celebration emphasized that the Constitution is not just a legal document, but a foundation for democratic living. Overall, the programme inspired students to uphold constitutional values and contribute responsibly to society.

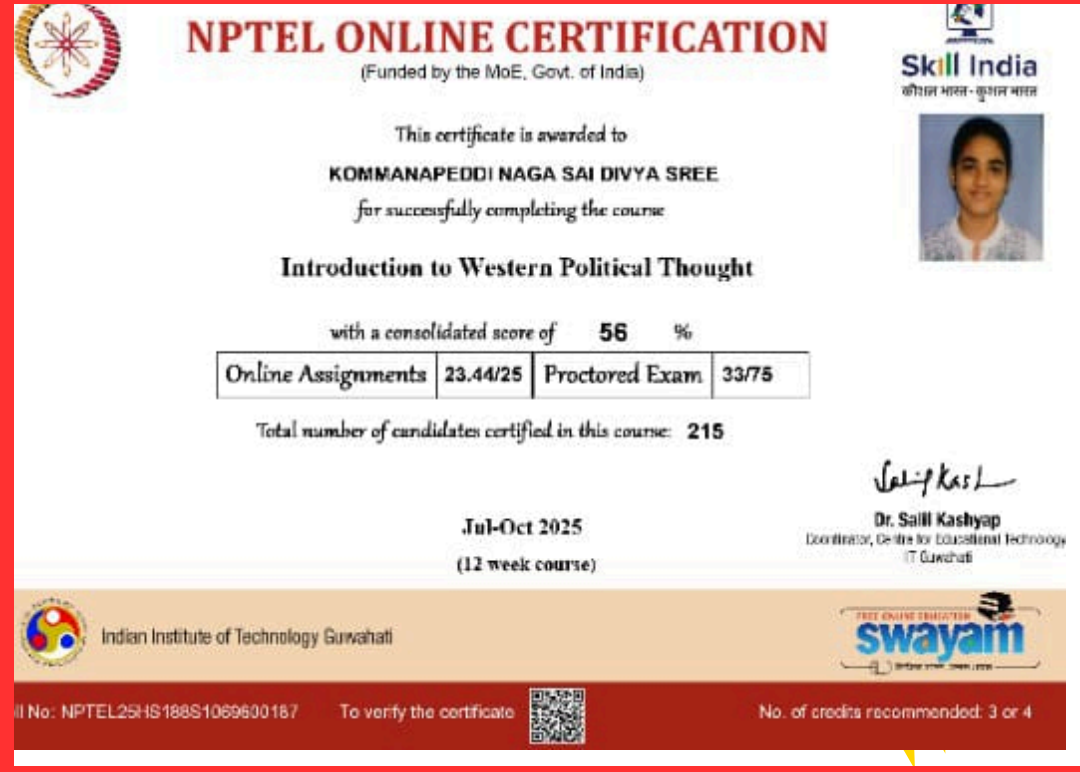

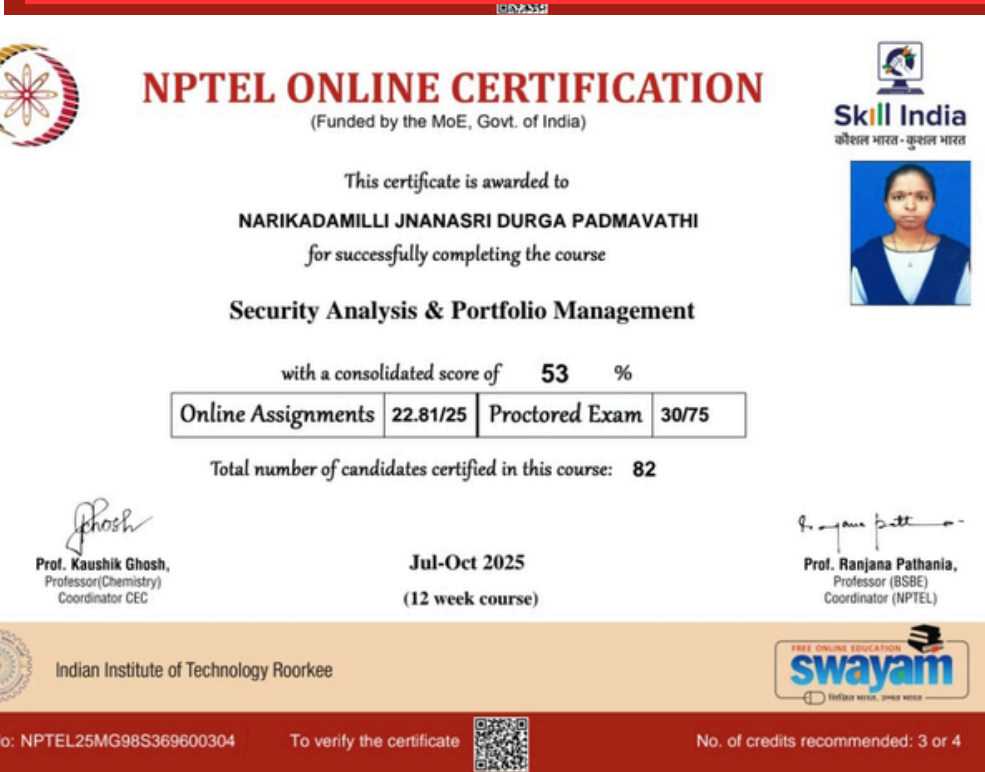

MAHATMA JYOTIRAO GOVINDRAO PHULE' BIRTH ANNIVERSARY

Mahatma Jyotirao Govindrao Phule's birth anniversary was celebrated with great respect at SCIM College. The program aimed to highlight his remarkable contributions to social reform, women's education, and equality. This event was organized by the B.A. Department as part of its commitment to promoting social awareness among students. Principal Sri Ch. Edukondalu addressed the gathering and explained the relevance of Phule's ideas in today's society. He encouraged students to adopt the values of justice, equality, and service to the weaker sections. Faculty members also shared insights on Phule's lifelong dedication to uplifting marginalized communities.

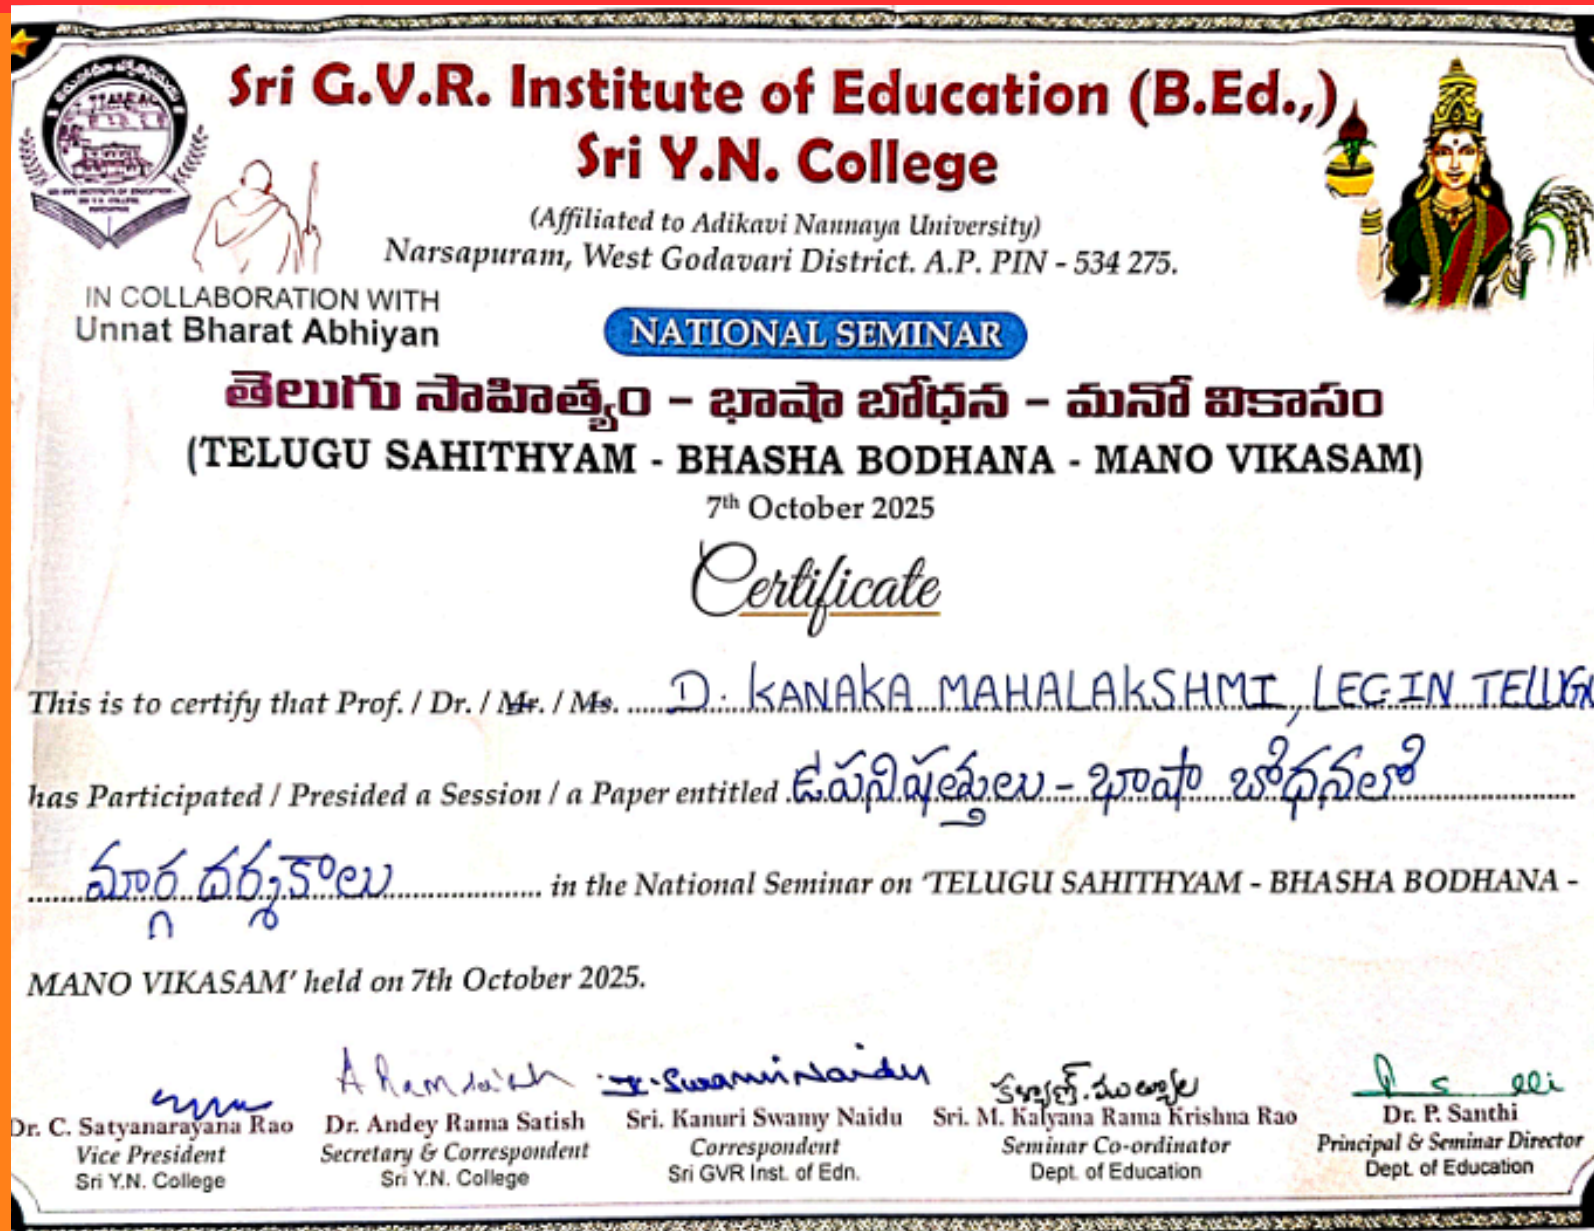

NPTEL CERTIFICATES

A number of students from S.C.I.M. Govt. College (A) have successfully completed certification courses offered through the government's NPTEL platform. PUPPALA MOUNIKA earned an "Elite" grade for the "Programming In Java" course with an outstanding score of 90%. Three other students, KOSURI NAVATHUSHA (80%), BOINA SRUTHI (75%), and KANDALI JAYANTH (66%), also achieved the "Elite" status for the course "Introduction to Western Political Thought". Two more students, NARIKADAMILLI JNANASRI DURGA PADMAVATHI (53% in "Security Analysis & Portfolio Management") and KORANAPEDDI NAGA SAI DIVYA SREE (56% in "Introduction to Western Political Thought"), also successfully finished their respective programs, highlighting the college's success in digital learning.

ACHIEVEMENTS

Dr. D. Kanaka Mahalakshmi was certified for her participation in the National Seminar on “TELUGU SAHITHYAM – BHASHA BODHANA – MANO VIKASAM” held on 7th October 2025. The seminar was organized by Sri G.V.R. Institute of Education (B.Ed.) in collaboration with Sri Y.N. College, Narsapuram, affiliated with Adikavi Nannaya University, and Unnat Bharat Abhiyan. She presided over a session and presented a paper titled “ఉపనిషత్తులు - భాషా బోధనలో మార్గదర్శకాలు” (Upanishads – Guidelines in Language Teaching). Her certification reflects her academic contribution and commitment to research in language education.

Dr. Illuri Venkata Narayana, Lecturer in commerce department of S.C.I.M. Government College (A), Tanuku, achieved a significant academic milestone with the publication of his research paper titled “Digital Lending and Risk Management for Aquaculture: A Fintech Approach to Sustainable Aquaculture Development.” The paper was published in the International Journal of Management Technology and Engineering (IJMTE), Volume XV, Issue X, October 2025, an ISO 7021–2008 certified and UGC-approved journal.

Dr. ILLURI VENKATANARAYANA, lecturer from commerce department, successfully completed a forty-hour Faculty Development Programme (FDP) titled "Redefining Teaching through AI, LMS and Digital Pedagogies". The program was organized by the Electronics & ICT Academy, MNIT Jaipur, and took place from October 27 to November 7, 2025.

ACHIEVEMENTS

Dr. K. Raveendra Babu, Lecturer in the Chemistry Department, participated in the International Conference on Resilient Innovations for Subsistence Environment (ICRISE-2025), which was successfully held on November 21st & 22nd, 2025, by Government College (An Autonomous Institution, Rajahmundry) and sponsored by DST-ANRF/SERB.

Two new macrocyclic cembrane diterpenoids from *Boswellia serrata* gum resin

Dr. Y. Vijay Kumar, Lecturer in Botany at SCIM Government College, has published a research paper titled “Appraisal of Total Phenolics, Flavonoids, and Antioxidant Activity in Bran and Flour of Selected Sorghum Varieties.” The study highlights the rich antioxidant potential present in different sorghum varieties, especially in their bran. His work provides valuable insights useful for food, health, and industrial applications.

ACHIEVEMENTS

Dr. E. Jyothi Kiranmayi, Lecturer in Computer Science at S.C.I.M. Government College (A), Tanuku, published her research paper titled “AI-Driven Sustainable Practices in Aqua-based Entrepreneurship: Challenges and Opportunities” in the IJAMTES Journal, Volume XV, Issue XI, November 2025. She also presented a paper titled “AI-Driven Innovations for Sustainable Healthcare: Transforming Diagnosis and Treatment” at the Two-Day National Conference on Artificial Intelligence and Machine Learning for Life Sciences (AIMLS) held at S.R.R. & C.V.R. Government Degree College (A), Vijayawada, on November 14–15, 2025. Her participation highlighted the potential of AI in improving healthcare systems. Dr. Kiranmayi further contributed as a Resource Person for the AI Training Program conducted for Government Degree College lecturers across Andhra Pradesh. This program was organized by the AP Commissionerate of Collegiate Education from 3rd November 2025 to 13th November 2025.

Has been published in

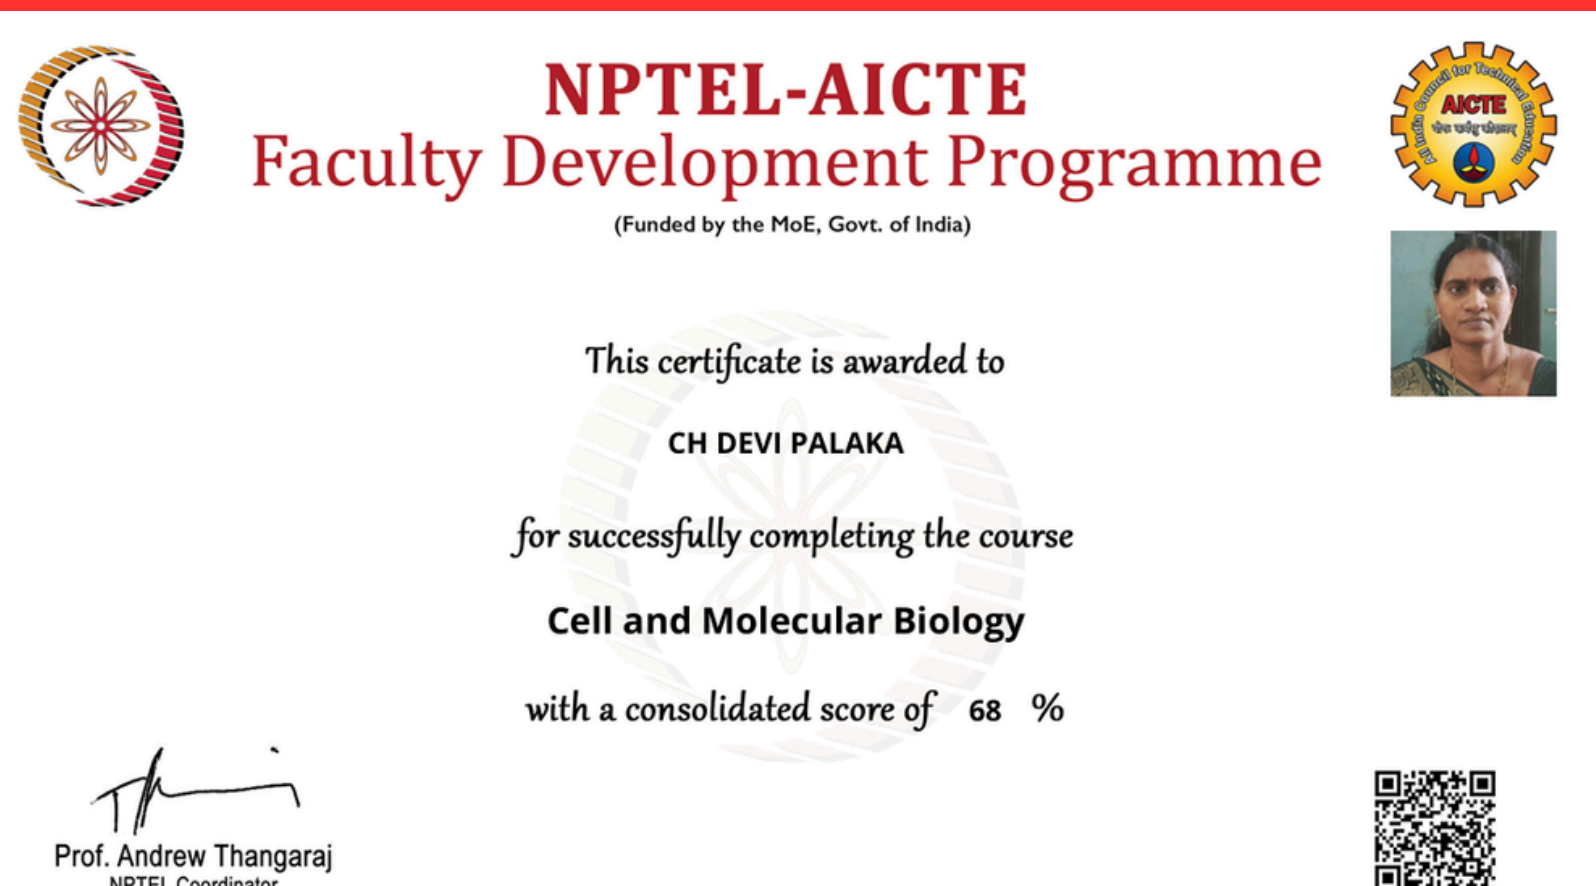

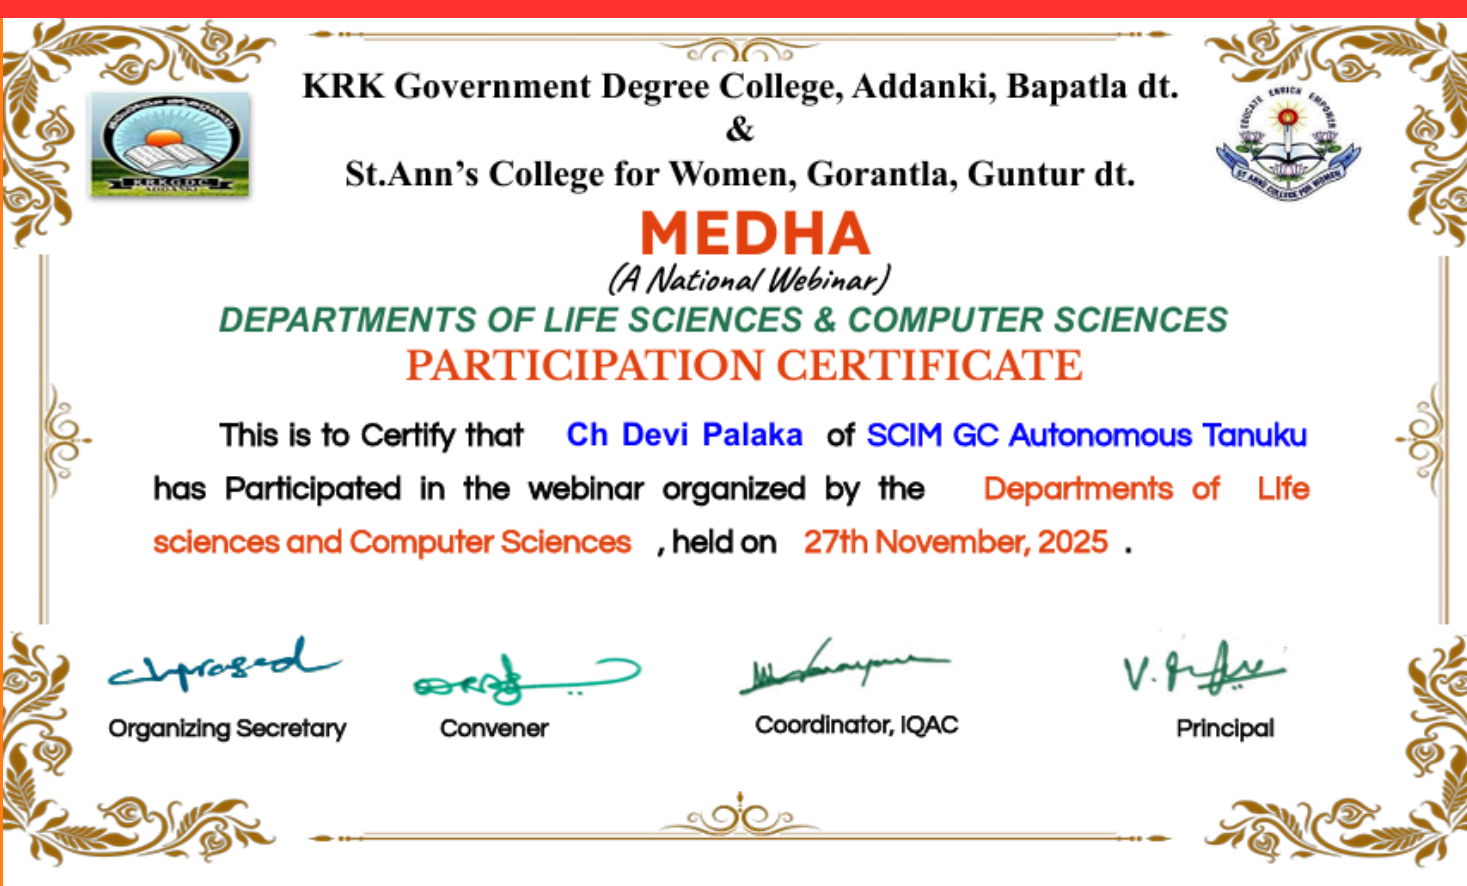

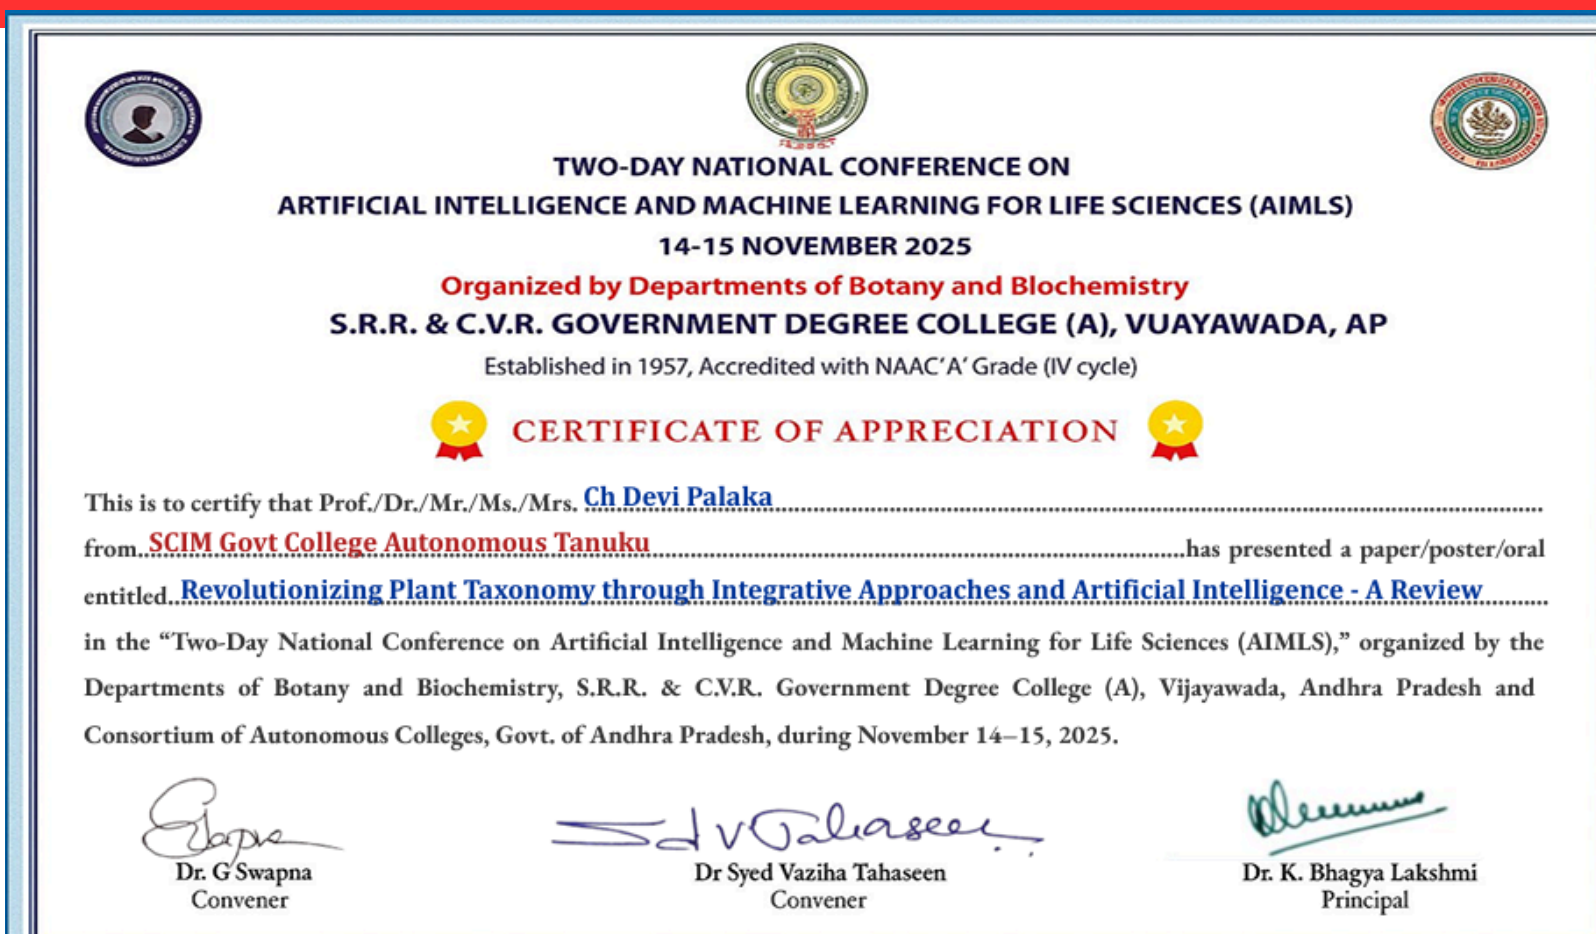

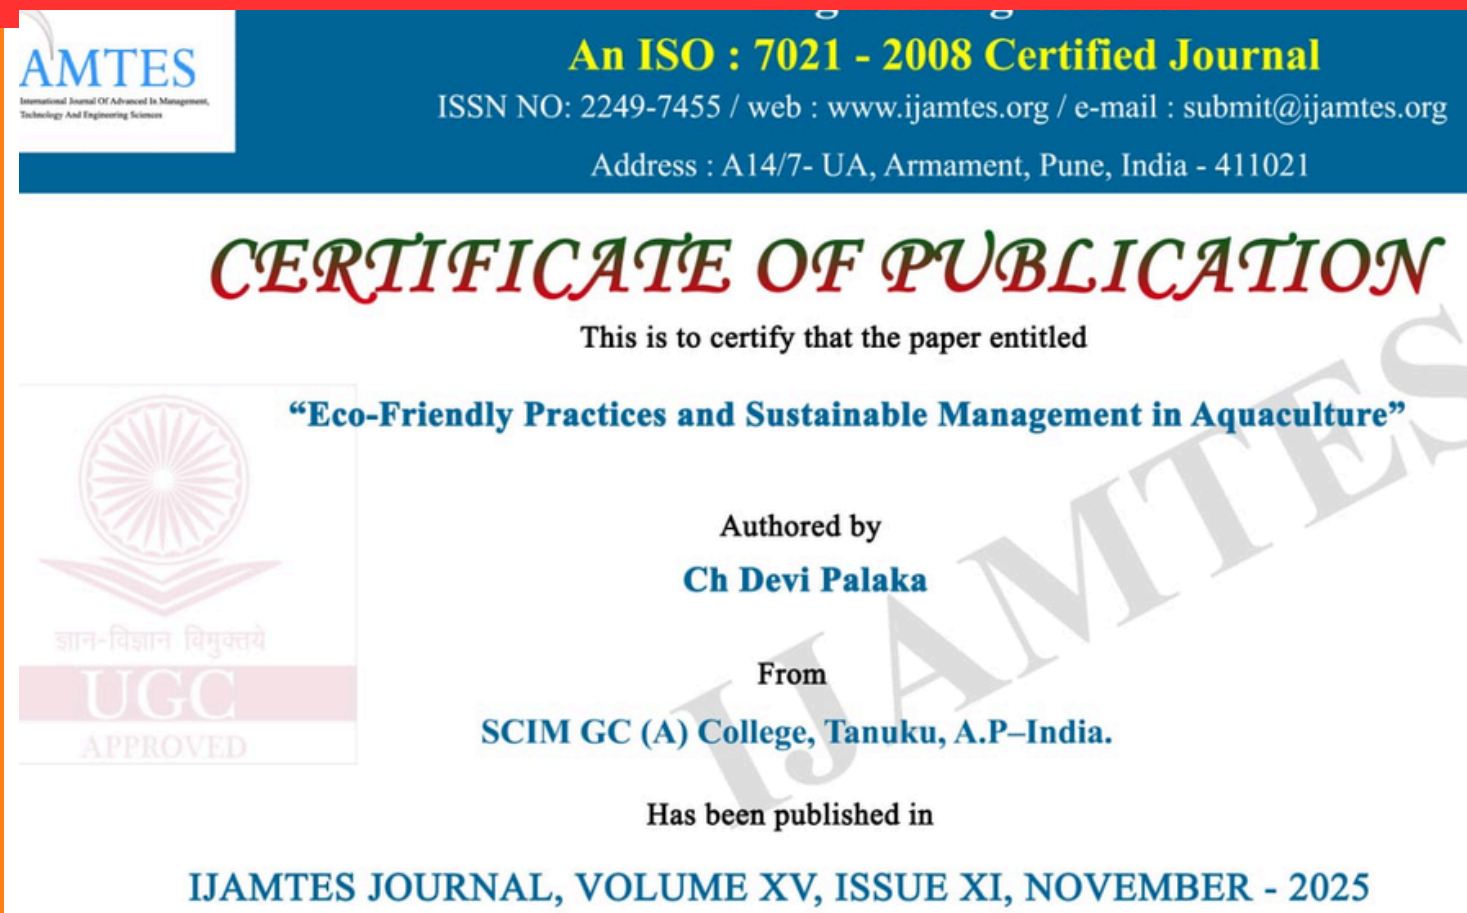

IJAMTES JOURNAL, VOLUME XV, ISSUE XI, NOVEMBER - 2025

Dr. K.M. Lakshmi Darapureddy successfully participated in a forty-hour Faculty Development Programme (FDP) titled “Redefining Teaching through AI, LMS and Digital Pedagogies.” The program was organized by the Electronics & ICT Academy, MNIT Jaipur, from October 27 to November 7, 2025. Her performance throughout the FDP was rated as Excellent, reflecting her strong engagement and proficiency in emerging digital teaching methods. The training focused on integrating artificial intelligence, learning management systems, and modern digital pedagogies into higher education. This FDP was fully funded by the Ministry of Electronics and Information Technology (MeitY), Government of India.

ACHIEVEMENTS

Smt. Ch. Devi, Lecturer in the Department of Botany from SCIM Government College (A), Tanuku, successfully completed the 12-week NPTEL-AICTE Faculty Development Program in Cell and Molecular Biology with a consolidated score of 68%. This course, offered from July to October 2025, is recognized by AICTE and is valid for promotions under the Career Advancement Scheme. She also authored a research paper titled “Eco-Friendly Practices and Sustainable Management in Aquaculture”, published in IJAMTES Journal, Volume XV, Issue XI, November 2025. Further, she presented a paper titled “Revolutionizing Plant Taxonomy through Integrative Approaches and Artificial Intelligence – A Review” at the Two-Day National Conference on Artificial Intelligence and Machine Learning for Life Sciences (AIMLS). This conference was organized by the Departments of Botany and Biochemistry at S.R.R. & C.V.R. Government Degree College (A), Vijayawada, on November 14–15, 2025. She also participated in the national webinar “MEDHA,” conducted by the Departments of Life Sciences and Computer Sciences. The webinar was jointly organized by KRK Government Degree College, Addanki, Bapatla district, and St. Ann’s College for Women, Gorantla, Guntur district, on November 27, 2025.

Predictive Modelling of Animal Physiology and Health using Machine Learning Approaches

Dr. K. Nagabhushan Reddy
Assistant Professor in Zoology, S.C.I.M Government College (A), Tanuku, West Godavari, AP
Email: nag123bio@gmail.com

Abstract
The integration of Artificial Intelligence (AI) and Machine Learning (ML) into life sciences has opened new dimensions for understanding, predicting, and enhancing animal health and physiological processes. Predictive modelling enables researchers to analyze large-scale biological data and uncover patterns that can forecast disease occurrence, reproductive success, or environmental adaptability. This paper presents an overview of various ML techniques applied to animal health, discusses real-world applications in livestock, aquaculture, and wildlife systems, and highlights how AI-driven tools can revolutionize physiological monitoring. Furthermore, it discusses challenges, ethical considerations, and future research prospects to make predictive modelling a mainstream tool in life sciences.

Introduction
In recent decades, Artificial Intelligence (AI) has evolved from theoretical computer science into a practical technology that drives innovation across disciplines. In the realm of zoology and veterinary sciences, AI and Machine Learning (ML) are transforming how we understand and manage animal physiology. From early disease detection to behavior analysis and reproductive monitoring, machine learning models are now capable of interpreting complex biological signals that were previously beyond human comprehension.

Animals, both wild and domesticated, generate vast amounts of data through physiological signals, behavioral cues, and environmental interactions. These datasets—collected using sensing tools, and biochemical assays—can be leveraged through ML algorithms to predict patterns of health, stress, and productivity. Such predictive insights are crucial for precision livestock farming, aquaculture management, wildlife conservation, and biomedical research.

(Signatures of Dr. G. Swapna, Dr. Syed Yazha Tabaseen, Dr. K. Bhagya Lakshmi)

Dr. K. Nagabhushan Reddy, an Assistant Professor at S.C.I.M. Government College (A), Tanuku, was highly engaged in academic and professional development activities in November 2025. He actively participated in a National Level Workshop on "Methodologies for Phytochemical screening and Bioactivity (Antioxidant, Antidiabetic, Anti-inflammatory and Anticarcinogenic) testing" held by Sri A.S.N.M Government College (Autonomous), Palakol, on November 1st. Dr. Reddy also presented a paper titled "Predictive Modelling of Animal Physiology and Health using Machine Learning Approaches" at the Two-Day National Conference on Artificial Intelligence and Machine Learning for Life Sciences (AIMLS), organized by S.R.R. & C.V.R. Government Degree College (A), Vijayawada, on November 14th and 15th. He extended his learning through participation in an Interactive Webinar on "ECOLOGY, BEHAVIOUR, THREATS AND CONSERVATION OF INDIAN BLUE PEA FOWL" (Nov 15) and a National Webinar on "ANTIMICROBIAL RESISTANCE MANAGEMENT" (Nov 20).

ACHIEVEMENTS

R. Ramesh Kumar, Librarian of S.C.I.M. College, proudly participated in the 14th International CALIBER 2025. The prestigious convention, titled the Convention on Automation of Libraries in Education and Research Institutions (CALIBER), was held from November 17–19, 2025. This national-level event was organized by the INFLIBNET Centre, an Inter-University Centre of the University Grants Commission under the Ministry of Education, Government of India, in collaboration with Sri Venkateswara University, Tirupati, Andhra Pradesh. His participation in such a significant academic forum stands as a remarkable achievement for S.C.I.M. College.

Dr. I. V. Narayana, Lecturer in the Department of Commerce of SCIM College, delivered a special session in collaboration with NIESBUD. He served as the resource person on the topic of Entrepreneurship Development Skills. In his session, he explained key aspects such as idea generation, skill development, and business opportunities available for women. A total of 120 women attended and actively participated in the program. They gained confidence and motivation to pursue self-employment and small business ventures. This NIESBUD awareness program, conducted on the SCIM College campus, played an important role in empowering women with essential entrepreneurial skills.
